

PARKERVILLE STEINER SCHOOL

Maths & Science Teacher

High School

Part-Time or Full-Time, Commencing Term 1, 2025

Role Overview

Parkerville Steiner College invites applications for Maths and Science Teachers to join our dynamic team in

2025. We have two positions available and encourage you to approach us with your ideal workload, whether part-time or full-time.

In an increasingly technology-driven educational landscape, our approach prioritises the human side of teaching: fostering authentic connections and personal engagement between educators and students. At Parkerville Steiner College, you'll focus on inspiring engaged students, allowing you to build meaningful relationships and deliver exceptional educational outcomes in classes which require minimal behaviour management.

About Us

Parkerville Steiner College is a growing and vibrant campus that in 2025 will offer Years 7 to 10 Steiner high school classes, expanding to Year 12 by 2027. Nestled in the beautiful and serene Perth Hills, your drive to work would be away from the traffic and into the trees, providing a peaceful commute, just 20 minutes from Midland. We offer a holistic and creative approach to education, prioritising deep relationships between students and teachers. Our curriculum focuses on human connection over technology, fostering trust and mutual respect.

We welcome teachers from all educational backgrounds. Whether you're new to Steiner education or an experienced teacher, you'll receive guidance on our unique pedagogical approach and be assigned a mentor to support your professional growth.

The Benefits:

A close-knit, expanding team where your contributions matter.

No after-school sports commitments or before-school meetings.

Initial one-year contract with a strong chance of a permanent role.

Generous DOTT time.

Enlivening professional development, incorporating academic, artistic and practical elements.

Beautiful natural setting: work in an inspiring environment.

Employee Assistance Program.

Relocation assistance if you are required to move.

You will be supported in resourcing Science Lessons by a Technician.

Option for Salary Sacrificing.

Invites applications for a **High School Maths & Science Teacher**
